

TESTIMONIALS

"It is much easier to work with qualified people" and "it makes everyone's job just a little easier, especially when we are dealing with a tough client in adverse conditions."

Robert Raymond - Turner Construction

" have been hearing comments "regarding the professionalism of your crews" and "the safe, prepared, and efficient way you have been approaching the work." Thank you, please keep up the good work."

Brad Hettle - Howard S. Wright

"Thank you for your hard work Cobra! You were great to work with and we appreciate your safety record on this project."

Lisa Mach - Port of Seattle

"We appreciate the hard work and safety conscious efforts that went into making this building a success; please accept this as a token of our gratitude."

Mike Sheeran - Archer Western Contractors

"Your commitment, cooperation, and positive attitude contributed greatly to a successful project. Please accept our thanks and know that we look forward to working with you on future projects."

Bryan Taylor - Contractors Northwest Inc.

"Your firm's positive, teamwork-oriented attitude helped Bird...complete this project two months ahead of schedule for the Navy. We look forward to continuing our relationship with Cobra and the successful completion of future projects."

Karl Pauly - Bird Construction Inc.

"Your office and field representatives continually placed safety and quality as the top priority during the construction of this facility. Your crews worked in undoubtedly the most challenging conditions of the job...and were still able to complete your critical work on time with an exemplary safety record."

Rob Spiller - Kiewit Building Group

"We would like to extend our sincere appreciation to Cobra...It is craftsmanship like this that is becoming increasingly harder to find these days..."

Brian Urban - Skanska

"The level of professionalism displayed by management and craft personnel has been unparalleled."

Maureen K. Dilley - Mortenson Construction

"The Cobra crew that you had on the FY08 SOF Battalion project was top notch when it came to safety."

Chuck Chartrey - Mortenson Construction
